The Shelby School failed to submit a required Demonstration of Sufficient Progress by its deadline date of May 7, 2013.

Background

Pursuant to A.R.S. §15-183(R), in implementing its oversight and administrative responsibilities for the charter schools it sponsors, the Board has developed a performance framework that includes the academic performance expectations of a charter holder and the measurement of sufficient progress toward the academic performance expectation. Charter holders that were required to submit a Performance Management Plan as part of its academic review during the five-year interval review are monitored in subsequent years in accordance with the intervention process outlined in Appendix C of the Board's Academic Performance Framework and Guidance.

As part of the academic performance intervention process, on February 7, 2013, Board staff notified The Shelby School of their requirement to submit a Demonstration of Sufficient Progress.

The Shelby School operates one school serving grades K-10. The charter holder becomes eligible for renewal on December 21, 2013; the application will be due March 21, 2014; and the request for renewal must be considered by the Board by June 21, 2014. The graph below shows the charter holder's actual 100th day average daily membership (ADM) for fiscal years 2009-2013.

A dashboard representation of academic outcomes for The Shelby School, based upon the indicators and measures adopted by the Board, is provided below. The overall rating for The Shelby School was 54.41 including points received for the FY 2012 letter grade of D as reported by the Arizona Department of Education.
